# **RECITA IN INGLESE PER LA SCUOLA PRIMARIA – classe terza**

## **Raccomandazioni e consigli prima di iniziare**

### **Gli attori**

Questo copione deve essere eseguito da cinque gruppi di attori. Decidete le parti e scrivete i nomi dei bambini nel copione. Potete aggiungere un membro o addirittura due in ogni gruppo se la vostra è una classe numerosa. D'altra parte se la vostra classe è piccola potete mettere solo tre o quattro attori in ogni gruppo e reciteranno più parti. All'interno di ogni gruppo le parti sono intercambiabili così la recita può adattarsi ad ogni classe!

### **I costumi**

Quando decidete le parti tenete conto del vestito. Molti bambini hanno già a casa molti vestiti o gadget come cappelli, unghie, mantelli...Generalmente non vedono l'ora di portarli a scuola. Chi invece non ha tutte queste sciocchezze non deve sentirsi costretto a comprarle! Può andare nel gruppo dei "bambini" o degli Zombi (vestiti strappati e sporchi)

### **La posizione sul palco**

E' importante decidere l'ordine degli alunni in ogni gruppo. Ogni attore imparerà che il momento giusto per parlare è dopo lo stesso compagno. Anche sul palco la posizione deve essere la stessa..la prima strega che parla è a sinistra, la seconda è quella a fianco e così via. Se non potete mandare i bambini dietro le quinte quando non recitano, possono sedersi intorno al palco, cantare, alzarsi e recitare quando è il loro turno.

### **La scenografia**

In questa recita ci sono cinque tombe: si possono realizzare facilmente con un supporto di cartone ed un piedistallo. Le nostre cadevano sempre. Il pubblico si è divertito  
I vampiri che dormono si sdraieranno con i piedi rivolti al pubblico

### **Le canzoni**

Nel testo manca la canzone finale potete usare una di quelle riportate nei libri di testo o chiedere ai bambini di proporle. Ce ne sono tante. Ricordate di scegliere canzoni corte. I bambini devono infatti impararle a memoria ed in ogni caso la recita non deve diventare lunga o noiosa.

Leggete gli stessi consigli in Inglese, rinfrescate parole come palco, dietro le quinte, attori, travestimenti, mantelli: solitamente non si usano nelle normali lezioni.. vi serviranno!

Poi sarà il momento di iniziare e di imparare.... facendo.

## **Recomendations and advices before starting**

### **The actors**

This script should be performed by 5 groups of actors. Decide the parts and then write the name of the children in the script. You can add a member (even two) in each group if your class is extra large! On the contrary, if your class is small you can put only four or three actors in each group and they will play a longer part.

Inside every group the parts are interchangeable. So the script can fit every class!

### **The costumes**

When you give the parts, consider the costumes! Many children have already got Halloween costumes and gadgets (hats, nails, cloaks) Usually they like to bring these things to school.

The ones who don't have all that stuff, shouldn't feel forced to buy it! He or she can play in the group of the "children" or "Zombies" (ripped dirty clothes)

### **The position on the stage**

It's very important to decide the order of the pupils in every group. Every actor will learn that the right momento to speak is after the same schoolmate..On stage their position should be the same... the first "Witch" is on the left, the second is just next to her and so on.

If you can't send your pupils off stage, they can sit, all around the stage and then stand up, sing and play at the right moment.

### **The set design**

In this show there are five tomb stones. You can make them with white paper and cardboard. The vampires will "sleep" on the floor near their tomb stone

### **The songs**

The final song is missing You can use the one in your English school books, or maybe accept pupils' suggestions. There are so many Halloween songs. Remember to choose short songs: children have to learn them perfectly and anyway our show shouldn't be long or boring. Now it's time to start. Try and improve by doing.
