

Sight hearing touch, taste and smell the five senses, the five senses
Sight hearing touch, taste and smell the five senses I can tell

With my eyes I see shapes and colours with my ears I hear the noises with my skin I feel hot and cold, soft and hard, smooth and rough

with my tongue I taste food, with my nose smells and perfumes

Thanks to my senses I can feel what is dangerous for me

Sight hearing touch, taste and smell the five senses, the five senses Sight hearing touch, taste and smell the five senses I can tell
